Jerry Lumpkins
President
Rockford Housing Development Corporation
Rockford, Illinois

Re: Letter of Support

Dear Mr. Lumpkins

I am writing this letter of support for Rockford Housing Development Corporation (RHDC) for initiating the project of bringing the South Avon Development to the southwest Rockford area. I believe that this project will create some remarkable changes in the lives of residents located in the area by promoting affordable housing, economic development, and public safety.

In conclusion, I deeply support the efforts of RHDC in this initiative in which residents to take advantage of not only housing solution but the commercial spaces that include an early education center, an artisan maker space, and ample green space for recreation and urban agriculture.

Sincerely,

A handwritten signature in black ink that reads "Jurea Crudup".
